

Dear FCCOE Family and Friends,

Have you ever wondered, What's Lent all about anyway? Whether you are a veteran at observing this upcoming period in the church calendar, or just a rookie, "The Lent Experience" is a weekly devotional designed to help you think about, and appreciate this season that helps prepare us for the cross and resurrection.

Beginning on Ash Wednesday, and then each of the following weeks of Lent, there is a short video to watch, followed by the introduction of a spiritual discipline to practice, to help you not only learn about Lent, but actually experience it. A participant's guide may be purchased (only \$5.99; just follow the link) which contains helpful notes and other directions, and gives you space to record your experiences and reflections.

I hope you will consider joining in this lenten journey as we seek to have God form us more deeply as his people.

You must have a **rightnow**Media account in order to participate, so sign up Now for your **FREE Account**. You can also find more resources for Easter in the **rightnow**Media FCCOE Library in the "Lent & Easter" channel for adults and "Lent & Easter for Families."

Pastor Tim
